Our Program

Throughout before and after school care you will see a range of experiences set out for the children. This can range from soccer comps, science experiments, drawing challenges, making movies, creating sculptures, gardening and more.

Our daily program is loosely planned through the following COOSC Curriculum areas;

- Outdoor Play
- The Arts (visual arts, media arts, drama, music and dance)
- Reading & Quiet Space
- Explore & Discover
- Science & Technology
- Construction

We also roughly aim to have the experiences be
1/3 child led,
1/3 Educator initiated and
1/3 Spontaneous play
Additionally, we always welcome family input as well!

Storypark

Storypark is a private and secure app we are currently trialling as a means to digitally document the children's learning and development.

Over the coming weeks you may be sent a learning story entailing an experience from before or afterschool care your child was involved in.

We would love your feedback!

Instagram

If you are part of the Instagram world feel free to follow us on

@coosc_kids

We frequently post our program, experiences, work samples and messages for our Families to view.

Reminders

Extra curricular activities

- Please ask for an Extra Curricular Form if your child is booked in for dancing (DAE) or Karate (Scout Hall) on their COOSC day and needs to be taken to and from our service.

Belongings

- All left over belongings at the end of the day will be put into our lost property basket then taken to the school lost property at the end of every fortnight.

Absences

- Please inform us via phone or email if your child will be absent for their routine booking or you will be charged a \$15 fee.

Further Information

Please read over to our website www.coosc.com.au to find more information about our service as well as our detailed *Family Handbook* which all Families must read.

.....

If you ever have any queries, our email is

hello@coosc.com.au

Thank you Families,
we are looking forward
to 2021 with you all.

Brooke Johnstone
Assistant Director
